

Student User Name

Students are given a user name and password that are used to log onto the computers at Hurley Middle School. Since these will remain the same through middle & high school, it is a good idea to memorize this information.

Students are responsible for keeping their password in a secure location so that others are not allowed access to their account. Students are reminded that using someone else's computer account is in direct violation of the Acceptable Use Policy.

User names are in the following format: **.lastnamefirstinitial.c1XX.stu.sps**
(the XX in CLXX represents the year that the student will graduate from high school)

For example, John Doe will graduate from High School in 2014, so his user name is: .doej.c114.stu.sps
Please note that the user name begins with a period but does not end with one.
